PRESS RELEASE

doValue Greece won five awards at the Digital Finance Awards 2025
Distinction for customer-oriented digital solutions and innovation in the financial sector

doValue Greece has achieved significant success at the Digital Finance Awards 2025, winning five awards presented at a special ceremony on Monday 10 March at the Intercontinental Athenaeum Hotel. The event was held on October 16 at the Athens International Financial Services Awards in Athens, Greece. This year's award ceremony highlighted innovative projects and best practices in the field of Digital Finance.

In total, doValue Greece received five awards, confirming its strategic commitment to the continuous development and provision of innovative, digital services to its stakeholders, namely:

- **Gold Award - Best NPEs Digital Management**

"doValue - Digital Transformation with the Debtor at the Center. Innovation and efficiency"
- **Gold Award - Best Customer Service/Collections Solution**

"doValue - Together we find a solution, now and digitally"
- **Silver Award - Best Digital Platform**

"Altamira Properties by doValue - A refreshed and comprehensive property acquisition experience through our own windows"
- **Bronze Award - Best Digital Platform**

"My e-Servicing Portal - Online Personalized Information Platform"
- **Bronze Award - Best ESG Initiative or Product**

"doResponsible Financial Center - Learn to speak the language of tomorrow"

These awards are a recognition of doValue Greece's focused efforts to use technology responsibly and with a human-centric approach, creating solutions that aim to improve transparency, service and strengthen the relationship of trust with debtors. At the same time, the company consistently invests in ESG initiatives that add value to society and help shape a sustainable future.

Driven by innovation and digital transformation, doValue remains on a dynamic course, aiming to continuously improve its services and offer solutions that make a difference, always for the benefit of its merchants and society.
